SUMMARY

Visionary Customer Experience (CX) Executive & Marketing Analytics Executive | Leader in Data-Driven Transformation

Innovative, data-driven CX and marketing analytics leader with 17+ years of experience shaping customer-centric growth strategies across Fortune 100 organizations, including CVS Health, Walmart, Macy's, and Sysco, and financial services at TDECU. Brings a strong engineering foundation and an MBA in Global Operations & Finance, enabling the translation of complex customer data into enterprise-level strategy and measurable business outcomes.

Recognized for leading market and marketing analytics transformation, including advanced segmentation, campaign measurement, personalization, and insight activation that improve acquisition, deepen relationships, and optimize retention. Built scalable analytics frameworks that connect customer, product, and behavioral data to marketing strategy and executive decision-making. Complementing this foundation, designed and scaled end-to-end CX ecosystems—spanning Voice of Customer (NPS, MSAT, CLF), journey mapping, and closed-loop insight-to-action frameworks—to drive loyalty, accelerate growth, and inform C-suite and board-level decisions.

ACCOMPLISHMENTS

- Introduced CVS Health's *Helping with Heart* service culture as a cornerstone of the Customer Experience initiative
- Improved CVS Retail NPS by 7% YoY through CX strategy, KPI development, and data-driven insights
- Launched Rx Delivery (CVS Health), Same-Day GM Delivery (Walmart), and a workforce management system (CVS Health) to enhance efficiency and satisfaction
- Led analytics for CX platform with 40K+ users and 11M+ feedback records
- Trained 100K+ associates on NPS; launched enterprise-wide recognition program
- Developed a Service Excellence model for store and contact center teams
- Received multiple innovation and leadership awards at CVS Health and Sysco
- Led market and marketing analytics transformation at TDECU, establishing advanced member segmentation, campaign measurement, and personalization frameworks to improve acquisition, cross-sell, and retention outcomes
- Designed and launched predictive At-Risk / churn models at TDECU, enabling proactive outreach, targeted campaigns, and closed-loop CX interventions across marketing, branches, and contact centers
- Defined and standardized enterprise marketing KPIs at TDECU, including campaign ROI, lift, conversion, product penetration, and member lifetime value, creating a single source of truth for marketing performance
- Earned Global Citizenship MBA Scholarship for leadership and academic excellence.

EXPERIENCE

Director Member Insights and Market Analytics

TDECU | Sugar Land, TX | Jan 2025-Current

Head of Member Experience & Market Analytics

- Lead enterprise Market & Marketing Analytics strategy, enabling data-driven acquisition, personalization, and growth across channels by translating member behavior, lifecycle signals, and market dynamics into actionable insights
- Built and operationalized advanced segmentation and personalization frameworks (Claritas P\$Cycle, generational, geographic, lifecycle), powering targeted campaigns, next-best-product recommendations, and optimized member journeys across deposits, lending, and cards
- Developed predictive models and recommendation logic (At-Risk churn, propensity, cross-sell, product fit), integrating transactional, digital, CRM, and Voice-of-Member data to improve retention, engagement, and marketing effectiveness
- Established executive marketing and CX KPI frameworks (NPS, MSAT, CLF, retention, campaign performance, product penetration), delivering board-level dashboards and executive storytelling that shaped investment decisions and enterprise roadmaps.

Director of Customer Insights and Analytics

CVS Health | Houston, TX | Jan 2022-Jan 2025

Head of Customer Experience (CX) Reporting & Analytics | Strategic Leader Driving Member-Centric Transformation

- Led the Consumer Experience Design team to oversee journey mapping and redesign for CVS Health Rx Delivery, improving the end-to-end consumer experience from prescription order to doorstep delivery
- Led enterprise CX intelligence and analytics, managing customer feedback platforms (Medallia, Qualtrics), AI tools, and CDP solutions to drive actionable insights and organizational change
- Defined key consumer headwinds/tailwinds; aligned C-suite and Board on CX vision and OKRs, resulting in NPS-based brand goals and performance-linked MIP incentives for three consecutive years
- Spearheaded KPI frameworks across CX, marketing, and loyalty; led NPS change management, training 100K+ associates and institutionalizing feedback loops impacting 1M+ customers
- Introduced AI-driven solutions for real-time NPS prediction and proactive churn mitigation, driving improvements in satisfaction, retention, and repeat visits
- Led customer experience initiatives by translating data insights into actionable solutions, securing funding, and partnering with operations to launch and measure high-impact test programs
- Built high-impact forums (VP+, divisional, regional) to resolve systemic customer pain points and embed a customer-first culture across business units
- Launched and scaled enterprise feedback platform with 40K monthly users and 11M+ feedback records; transformed CRM with AI to improve frontline engagement quality
- Delivered 500 bps YoY NPS improvement and 30% increase in loyalty and CLV through advanced analytics and personalized outreach strategies
- Led cross-functional research to guide innovation in omnichannel solutions (e.g., Same-day Rx Delivery, BOPIS), pricing, segmentation, and detractor appeasement
- Established tech-enabled recognition programs to connect senior leadership with front-line excellence
- Built and led a high-performing team of data scientists and CX leaders to deliver strategic insights, foster a data-driven culture, and elevate customer experience.

Sr Manager Customer Insights and Strategy

Sysco | Houston, TX | Sep 2019-Dec 2021

Customer Insights & CX Strategy Leader

- Drove a consumer-centric culture at Sysco, leading customer journey research and product innovation during COVID
- Identified growth opportunities, generating \$50K in sales through Sysco's Restaurant Rising campaign
- Implemented feedback mechanisms, reducing churn by 35% YoY and enhancing offerings
- Developed a Medallia-based platform for streamlined customer feedback collection
- Collaborated cross-functionally to deliver customer-focused solutions aligned with business goals

Director Business Development Strategy and Analytics

CEVA Logistics | Houston, TX | Mar 2018-Aug 2019

Head of Analytics & Business Development

- Led data-driven business strategies for 60 stations nationwide, optimizing performance and decision-making
- Directed a cross-functional team on an RFP project with major airlines and logistics companies, saving \$2.4M YoY
- Developed analytical models for Air Import/Export business, identifying \$40M in potential savings through complex statistical modeling
- Managed client relationships, negotiated contracts, and exceeded revenue growth targets
- Collaborated with senior leadership to shape and communicate long-term business strategies
- Implemented a statistical model for labor hour allocation, resulting in \$408K in savings over three months.

Sr Manager Customer Insights and Analytics

Walmart | Bentonville, AR | Jul 2015-Mar 2018

- Utilized advanced analytics to link customer behavior with business performance and drive product and service improvements
- Led cross-functional teams in developing customer segmentation strategies for targeted marketing campaigns
- Spearheaded innovation for Omni-channel Walmart Returns, resulting in a customer journey map and new in-store technologies across 202 stores
- Implemented data-driven strategies to optimize customer acquisition, retention, and loyalty
- Managed the successful implementation of Express Pick-up lanes in 784 Walmart Pharmacy stores, improving customer satisfaction by 5%
- Led the development of a messaging strategy for Walmart's buy online, pick up in-store program, boosting NPS by 10%
- Conducted research and launched a Walmart loyalty program (Stage I: Free Shipping), increasing online sales by 45% in the first quarter
- Developed customer acquisition and retention strategies for Walmart's Omnichannel services, Pharmacy, and mobile platforms
- Created CX scorecards for 4,000 pharmacy stores, measuring performance against set CX goals.

Manager Customer Insights

Bloomingdale's | New York, NY | Aug 2013-Jul 2015

- Provided strategic guidance to improve customer experience, driving acquisition and retention across all business channels using NPS and customer feedback
- Developed a customer retention strategy that boosted Bloomingdale's top-tier customer count and sales by 39% YoY
- Conducted research on the Loyalist program, identifying key segments for targeted marketing initiatives
- Built business cases for enhancing digital customer experience, specifically in Buy Online, Pick up In Store

Manager Customer Insights

Bloomingdale's | New York, NY | Aug 2013-Jul 2015

- Led database marketing analytics, including statistical modeling, customer profiling, and segmentation for Bloomingdale's customers
- Trained executives in adapting NPS as a key organizational metric
- Conducted market research to understand customer behavior and satisfaction, uncovering growth opportunities
- Collaborated cross-functionally to implement customer-centric strategies and continuous improvement initiatives.

Wealth Management Intern

Merrill Lynch Bank of America | Bangalore, India | May 2012-Aug 2012

Senior Design Engineer

Bharat Heavy Electricals Limited | Kolkata, India | Nov 2008-Aug 2011

- Led and managed a team of 20 members for a \$2M hydro power plant project and was awarded as the best employee.
- Proposed innovative solutions to drive production efficiency by using optical fiber cable in the production process, which improved cycle time by 20%, with savings of \$34K per project per year.
